Erasmus
Accompanying Measures

[ERA 14]

Within the priorities set in the general call for proposals, the following information can be used

Objectives and description of the action
Projects may be developed under the 'Accompanying Measures' Actions to promote the objectives and results of Erasmus projects. Projects may therefore cover communication activities, thematic monitoring of projects and dissemination and exploitation of project results, for example: - Information and communication activities to promote and improve the visibility of activities and results within each programme   "Thematic" monitoring of ongoing projects working on a similar theme, including organisation of exchange of experience meetings, publication of updated project compendia and more systematic assessment of project results in support of more effective dissemination and exploitation of the best results   - Collection and provision of information on project results, including via the development of common databases   - Support for dissemination and exploitation conferences and events bringing together projects and potential users within the sector concerned, with a particular emphasis on promoting the transfer and take-up of project results by new users and mainstreaming into education and training systems and practices.
Who can benefit
Associations, networks or consortia of higher education institutions or other bodies active in relation to higher education

Who can apply	Coordinating organisation on behalf of the consortium

Selection Procedure	COM	**Management of selected projects**	Executive Agency
