Description of the organisation

The cultural association Sinergie – Synergies – was born during spring 2004 in Zagarolo, an ancient village just outside Rome: its main inspiration was, and still is, the recovery and promotion of handicraft, particularly with regard to women's activities.

It's in the collaboration between individuals, carrier of particular identity and sensitivity, with different geographical origins, cultural heritage, beliefs and life experiences, that the founders find the most significant push and the consequent urge to act and set project proposals.

Sinergie's Aims

- Supporting culture, handicraft, tourism and development of the territory
- Promoting ancient and different uses and cultures to the new generations

These aims are implemented through arranging workshops, exhibitions, and events, by focusing on the artisan as a repository and at the same time as a promoter of valuable techniques and on the transfer of knowledge to new learners, and by outlining the opportunity to re-evaluate the entire working dimension of women.

Sinergie's Main Activities

- 2004-2008 *Il filo di Arianna*, Exhibition on wome handicraft
- 2007- ongoing *Tramando... Tessendo*, Exhibition on textile handicraft
- 2011 Grundtvig Workshop – Courses of lace pillow and weaving loom

Main educational activities

On June 2007 Sinergie gave life to the laboraotry **La Piazzetta delle Arti**, where everyday two artisans work, offer their experiences on textile craft with particular attention to material and manufacturing quality: they arrange courses of lace pillow, crochet and needlework.
