Description of our institution

Moravian University College Olomouc (MUCO) is a small and dynamic private nonprofit university college established in 2005. MUCO focuses on economics, management and information and communication technology and it overlaps with the technical and technological specializations. The main target is the support processes of small and middle size enterprises such as energy management, facility management, innovation management and applied ICT. Currently we have about 650 students. MUCO is a holder of the Diploma Supplement Label and the Certificate of Quality Management System. We have currently 10 partners within Erasmus Programme from Belgium, Bulgaria, Germany, Hungary, Poland (3x), Portugal, Slovakia and Slovenia. MUCO offers Bachelor degree in 3 years programmes, Master degree not yet. We suppose to have Master programmes it in short time, up to 2017.

We use modern methods for education. Our study program is designed as comprehensive case studies, which help to link separate subjects. The first year is focused on acquiring of all skills and competences, which are necessary to build up new company. Second year is focused on stabilization and development of the company and on middle management. Third year is oriented to audits, innovation and development of the company to higher level. We lead the students to creative thinking, to team cooperation and to critical attitude to the information.

We offer a choice of three Bachelors fields of study:

- **Company Economics and Management**
- **Management and Economics of Public Service**
- **Company Information Systems**

Company Economics and Management

It is focused on management of small and medium-sized enterprises. The objective of this field of study is to contribute to the improvement of the employee qualification on the middle management level of the corporation sector and support the development of small and medium-sized enterprises. The major focus is being put especially on the organizational, project and process aspects of management and the external communication of businesses.

Management and Economics of Public Service

It is focused on the necessary skills for the state, public and local authority service sectors within the Czech and EU territory. Graduates will have significant knowledge of law and economics with respect to law and economic practices of the European Union with professional communication skills for the entrepreneurial community.

Company Information Systems

It is focused on recognition, description and analyze of problem situation, proposing measures to solve the problem and preparation of alternative measures, clarification of the problem nature and proposal or verifying of the implementation of professional measures related to IT services or reconstruction of these services.

MUCO is located in Olomouc, which is very nice historical city (about 100 000 inhabitants). According to world-renowned tourist guide “Lonely Planet” Olomouc is the most beautiful Czech town. More about the city at:

<http://tourism.olomouc.eu/welcome/en>

MUCO seats in the new, modern premises since summer 2013, almost in the heart of the city – between main Railway Station and the Central historical city square. More photos you may see at

<http://www.mvso.cz/prostory-skoly-c242.html>

Tuition fee is 1100 Euro/per year. For Erasmus students from abroad the fee is not applicable. Comprehensive information about MUCO available at:

Description of the partner we are looking for

We are looking for a new Erasmus partner from a native English speaking environment - Great Britain or Ireland.

The new partner should be a Business or Economical University, focused on Marketing, Communication, ITC, Management and Leadership.

We provide education according to following ISCED codes:

34 – Business and Administration and 481 – Computer Sciences.

We would like to start a new partnership with a mobility of students since academic year 2014 / 2015. Lectures at MUCO will be taught in English. We are also interested in teaching staff mobility.
