

## **2014 Korean Government Scholarship Program**

Every year the Korean Government offers scholarships for international students in order to enhance the academic exchange and to strengthen the mutual friendship of the participating countries. In 2014, 880 students from 157 countries will participate and will study at 60 universities nominated by NIIED.

Participants who apply via the Korean Embassy can choose from three preferential universities. Those who apply directly at the universities nominated by NIIED for this program can only apply for this one university.

The master program comprises three years (September 1, 2014 – August 31, 2017), of which one year is dedicated to learning the Korean language. The postgraduate program (September 1, 2014 – August 31, 2018) extends to four years, of which one year is dedicated to learning the Korean language as well.

Applications should be sent to the embassy\* **by March 21, 2014**. For more information regarding process, application and costs please see the attached document or visit the following link:
